<b>Explanations</b>	

Within the scope of our Company's Board of Directors decision dated 21.06.2023 and numbered YK/2023-13, the final stage of the construction maintenance and reinforcement works carried out at the No. 1 (KM1) Cardboard Production Line facility building has been evaluated. In this context, it is foreseen that the maintenance and reinforcement works can be finalized until the end of October 2023, and that production can be resumed as of the end of October 2023 following the assembly and commissioning works on the partially disassembled Cardboard Production Line No. 1 (KM1). As a result, it has been decided to extend the production shutdown, which was planned to be completed on 04.10.2023 at our No. 1 (KM1) Cardboard Production Line, until 31.10.2023, and to plan the remaining annual leaves of the employees within the specified period.

If production can be started before the targeted date, a Material Event Disclosure will be made and the public will be informed.
